KG -2 Management Letter

December- 2021

CHRISTMAS AND NEW YEAR GREETINGS !!!

The KG 2 children have been learning about farm and wild animals through discussion. Children were excited to learn about their food habits, habitats and more than curious to learn few fun facts of their favourite animals. Reading has helped instil the reading habits among the children. Activity classes keeps them calm and energised throughout the day. The learning has been fun for kg- 2 inquisitive minds.

Saying "adios" to the year 2021 with loads of fun activities like card making and decorates for their Christmas tree was as good as the icing on the cake.

Looking forward to the New year with great hopes and new dreams.

Regards,

KG 2 Teachers.
