MANAGEMENT LETTER KG1

At the end of October, we celebrated Halloween Day in a very interesting way. The children got to know the significance of Halloween day and at the end of the session, they also made a craft based on the theme.

During the month of November, the children learnt about birds- how they came into existence, their body parts and functions, food habits, habitat and other interesting facts on birds.

To commemorate the birth anniversary of our first Prime Minister, Shri Jawahar Lal Nehru, Children's Day was celebrated in a unique and fun way. The theme for children's day celebration was Cartoon Network. The children were asked to dress up as their favorite cartoon character from the television series ChotaBheem/Doremon. The children were thrilled and thoroughly enjoyed children's day.

In Numeracy the children learnt new 3 D shapes and enjoyed making these shapes through hands on activities.. In literacy the children learnt many sight words and blends and enhanced their vocabulary learning new words. The children also had an interesting show and tell, where the children had to talk about their favorite food item. The children got their favorite dish and were thrilled to share with us why it was their favorite and they also enjoyed eating the same thereafter. Since It was a festive season, to celebrate Deepavali during the arts session, the children had fun making their own colorful diyas.

During the month of November, we also had dance and singing sessions, where the children enjoyed grooving to music. Music and dance encourage them to be curious and imaginative. This creative outlet can also give them opportunities to learn new sounds and actions We also had the P.E(physical exercise) sessions where the children had few stretching and jumping exercises and they learn skills like balance, control and coordination.

Some virtual moment captured and framed in our memories.
