KG -2 Management Letter August 2022

Laughter is a form of internal jogging. It enhances respiration and is an igniter of great expectations. Our month kick started with exploring facts about our internal organs brain and heart. The enthusiasm took us beyond our classroom as we learnt to appreciate the gifts of nature bestowed upon us. The facts were so bold and beautiful". Absolute and peremptory.

Our body is the only sacred safe abode and taking care of it makes our essence of living worthwhile and truly blissful. Reading was much fun helping them stimulate their inventiveness and widened their creativity. Each day revamped their learning through art, music, yoga and dance. We believed in unlimited possibilities to ensure rigorous jollified, deep and meaningful learning.

INDEPENDENCE DAY

Our Independence Day was an extravaganza of, patriotism, Colour blending, laughter, creative hands and loads of love. Our classes witnessed unprecedented elbow room to our little artist who created their magnum opus through exploring resources accessible at school.
